

Pure Perfection aftercare advice

We are passionate about sharing our knowledge so you can receive the best out of your treatment.

Microdermabrasion

SPF 20 must be worn daily for one month afterwards. Microdermabrasion removes top protective layer of skin cells, so extra protection is necessary for one-month post.

Do not use exfoliation products i.e. AHA's, Glycolic & Retin A products for 12 hours post peel.

No exposure to sun beds for one month post treatment.

No Heat treatments permitted for 48hrs afterwards i.e. sauna, steam room, hot showers, facial waxing.

No makeup application permitted for 48hrs afterwards, with the exception of a mineral make up which can be applied immediately after.

No Shaving the face for 48 hours after.

No perfumes/aftershaves for 48hrs after.

Skin may be red for a short while afterwards.

Any impurities under the skin will come to the surface within a short time after the treatment, so a breakout is a good sign of the skin clearing impurities from within.

In the rare event that you incur scratches on your skin, post microdermabrasion, apply aloe Vera to sooth the skin. The scratches will take about one week to heal.

Blocked pores/blackhead's: For clients with blocked pores, a course of 6 microdermabrasion treatments is recommended fortnightly.

Glycolic products should be used at home nightly to keep pores clean & to maintain the results of the peel

Pigmentation: For clients with Pigmentation, use of a daily lightening products is recommended, i.e. Phytoceuticals Phyt Plus gel. Or Phyto Gel.

Anti age: those clients having the peel for anti age purposes, daily application of a pure Vitamin C serum, i.e. Phytoceuticals, is necessary for collagen growth, is Clinical Active serum used nightly improves & maintains results.

Speak to your therapist on the grading anti aging system for home care.

We will look forward to seeing you on your next visit

Kind regards PP team
